**Terrebonne General Health System Supports Ongoing Management of Physicians
Medical Center**

[Houma, LA] — [January 26, 2026] — Terrebonne General Health System (Terrebonne General), continues its role managing operations for Physicians Medical Center (PMC), supporting the organization’s ongoing efforts to provide high-quality outpatient surgical care to meet the growing needs of our community.

As part of this ongoing management arrangement, Terrebonne General oversees day-to-day operations, helping ensure multispecialty outpatient care in a convenient, comfortable setting provided by specialty-trained physicians and staff that deliver compassionate care. PMC offers both same-day surgeries and overnight stays in a boutique-style setting. A variety of procedures are performed at PMC. Some include:

- Ear Nose and Throat
- Sleep apnea
- General surgery
- Weight loss (bariatrics)
- Pain Management
- Ophthalmology
- Orthopedics,
- Plastic surgery
- Urology

“Our work managing Physicians Medical Center reflects a sustained focus on operational excellence and the highest quality care,” said Phyllis Peoples, President and CEO of Terrebonne General Health System. “We remain committed to supporting Physicians Medical Center as its growing needs evolve.”

The management arrangement supports greater access to care and state-of-the-art services that align with both organizations' long-term objectives.

###

About Terrebonne General Health System

Terrebonne General Health System is the largest healthcare resource provider in southeast Louisiana that has taken the lead to deliver medical excellence and innovation to the people of Southeast Louisiana. Driven by a "high tech" and "high touch" style of healing that offers an expansive range of services that provide hospital care and preventive care while also providing basic healthcare needs on and offsite. Our highly skilled healthcare team consists of over 1,800 employees, with over 450 medical staff providers that offer 42 various specialties. Our system has been honored with many prestigious awards and accolades for quality, safety, and patient experience on the state, national and international levels. Terrebonne General took the lead to initiate a public/private partnership with Ocher Health, which delivers crucial safety-net services for the region through Chabert Medical Center and is part of an alliance of healthcare-focused entities across the greater Gulf South region.
