Thibodaux Regional Health System and Compass Health Partner to Provide Behavioral Health Services to the Region

Thibodaux, Louisiana – June 24, 2026 - The demand for behavioral health care is great and the need continues to rise. As the region's health and wellness leader, Thibodaux Regional Health System announced today that it has partnered with Compass Health to address this significant need in our region.

"Thibodaux Regional recognizes the great demand for behavioral health services and is committed to treating the whole person," said Greg Stock, CEO of Thibodaux Regional Health System. "As we continue to grow, our goal is to provide needed services and improve accessibility for patients."

"Compass Health is an established leader in providing comprehensive psychiatric health services to the region. This partnership is another way Thibodaux Regional is enabling more individuals to receive needed care, alleviating the burden of having to travel far from home," added Stock.

Through this partnership, Compass Health will work collaboratively with Thibodaux Regional to provide inpatient behavioral health services, perform inpatient psychiatric evaluations when requested, and coordinate placement of patients needing behavioral health care that present to the Emergency Department.

“This partnership reflects a meaningful step forward in our mission to improve lives by passionately serving others,” said Emily Hunter, Co-CEO of Compass Health.

“Together with Thibodaux Regional, we are expanding access to behavioral health services and bringing critical support closer to home for the patients and communities we serve.”

Thibodaux Regional Health System remains deeply committed to delivering high quality, personalized care and continuing to identify and address needed services.

About Thibodaux Regional Health System
