## Terrebonne General Health System Earns an "A" Hospital Safety Grade for Seventh Consecutive Term from the Leapfrog Group for the Fall 2026

*New Grade for Fall 2026 is a national recognition for commitment to patient safety*

**Houma, LA – Terrebonne General Health System** earned an "A" Hospital Safety Grade from The Leapfrog Group, a national nonprofit watchdog that sets standards for excellence in patient care, for the **seventh consecutive** term. Leapfrog assigns a letter grade to general hospitals across the country based on more than 30 national performance measures that reflect errors, accidents, injuries, and infections, as well as the systems hospitals have in place to prevent harm.

"Achieving this national recognition for the seventh consecutive term is an outstanding accomplishment and a reflection of the high standards our healthcare team upholds every day," said Phyllis Peoples, President and CEO of Terrebonne General. "I am extremely proud of our physicians, nurses, and staff whose dedication to patient safety, quality, and excellence continues to make a difference in the lives of those we serve. This honor reinforces our team's commitment to providing exceptional, compassionate, patient-centered care."

The Leapfrog Hospital Safety Grade stands as the only hospital ratings program focused solely on preventable medical errors, infections, and injuries that kill more than 500 patients a day in the United States. The Leapfrog Hospital Safety Grade is peer-reviewed, fully transparent, and free to the public. Grades are updated twice annually, in the fall and spring.

"Earning an 'A' Hospital Safety Grade reflects Terrebonne General's commitment to putting patient safety first," said Leah Binder, president and CEO of The Leapfrog Group. "This recognition is a testament to the dedication of your hospital leadership, clinicians and staff who work every day to prevent medical errors and protect patients from harm."

***About Terrebonne General Health System***

*Terrebonne General Health System is the largest healthcare resource provider in southeast Louisiana that has taken the lead to deliver medical excellence and innovation to the people of Southeast Louisiana. Driven by a "high tech" and "high touch" style of healing that offers an expansive range of services that provide hospital care and preventive care while also providing basic healthcare needs on and offsite. Our highly skilled healthcare team consists of over 1,600 employees, with over 450 medical staff providers that offer 42 various specialties. Our system has been honored with many prestigious awards and accolades for quality, safety, and patient experience on the state, national, and international levels. Terrebonne General took the lead to initiate a public/private partnership with Ocher Health, which delivers crucial safety-net services for the region through Chabert Medical Center and is part of an alliance of healthcare-focused entities across the greater Gulf South region.
