Terrebonne General Health System Welcomes Jaime Gaudet, DNP, FNP-C, to Health and Wellness Development

HOUMA, LA – Terrebonne General Health System welcomes Jaime Gaudet, DNP, FNP-C to the role of Health and Wellness Development. In this position, Jaime will lead initiatives to develop strategies and cultivate relationships focusing on the growth and development of the Terrebonne General Healthy Lifestyles Center.

Jaime brings over twenty-five years of extensive healthcare experience in leadership and clinical positions, including achieving operational efficiency, developing new service lines, and driving revenue growth. Previously serving as part of Gulf Coast Orthopedics leadership team, she implemented strategic vision for the organization overseeing all aspects of operations and finance. She also played a key role in ensuring goals and organizational success, provided care for surgical patients, and led initiatives to improve the overall practice.

Jaime received her Bachelor of Science Degree in Nursing, Master of Science Degree in Nursing– Family Practitioner Program, and her Doctorate in Nursing Practice, all from Mississippi University for Women in Columbus, Mississippi.

She looks forward to fostering meaningful partnerships with local businesses, healthcare providers, and community organizations to advance the mission of the Healthy Lifestyles Center and promote healthier lifestyles and improved well-being for residents throughout the region.

The expansive 145,000-square-foot state-of-the-art Healthy Lifestyles Center will be the all-encompassing facility aimed at helping individuals achieve their fitness and overall health goals, providing expanded access to vital health and wellness resources that will further enhance the care and services available to Terrebonne Parish residents and beyond.
It will bring fitness, wellness, prevention, rehabilitation, and athletic performance together under one roof. This significant investment represents a long-term commitment to the health and well-being of our community and is intended to make a lasting impact for generations to come.

Construction is expected to take approximately 18 months to two years, with completion anticipated in mid-2028.

###

About Terrebonne General Health System

Terrebonne General Health System is the largest healthcare resource provider in southeast Louisiana that has taken the lead to deliver medical excellence and innovation to the people of Southeast Louisiana. Driven by a "high tech" and "high touch" style of healing that offers an expansive range of services that provide hospital care and preventive care while also providing basic healthcare needs on and offsite. Our highly skilled healthcare team consists of over 1,600 employees, with over 450 medical staff providers that offer 42 various specialties. Our system has been honored with many prestigious awards and accolades for quality, safety, and patient experience on the state, national and international levels. Terrebonne General took the lead to initiate a public/private partnership with Ochsner Health which delivers crucial safety-net services for the region through Chabert Medical Center and is part of an alliance of healthcare-focused entities across the greater Gulf South region.
